the Depot.

FEARFUL ACCIDENTS

(Special By Scripps-Mellae.)
New York, Aug. 20.—Two serious
accidents occurred in the city and near
here last night in which many lost
their lives. Many more were injured
and are likely to die from the effects
of the accidents.

A heavy open car on the Union rail-
way jumped the track at midnight
while going down hill at a fearful rate
of speed. It turned over and fell in
a ditch and one man was killed, two
fatally injured and many hurt.

At Asbury Park
An empty excursion train ran into a
Pennsylvania train standing at Bel-
mont depot last night and killed four
persons, injuring fifteen more.

DRUGGISTS AIM
SLAP AT GOVERNOR

State Society Votes to Petition Next
Legislature for E. B. Helm-
street's Appointment.

(Special By Scripps-Mellae.)
Milwaukee, Wis., Aug. 20.—The Wis-
consin State Pharmaceutical society
closed its session this morning with
a direct slap at Governor LaFollette
for removing E. B. Helmstreet of
Janesville from the state pharmacy
board. By a vote of the society it was
decided to petition the next legislature
to appoint Mr. Helmstreet as a mem-
ber of the board. Mr. Helmstreet
is president of the society and would
not allow the motion to be carried out
and it was laid on the table at his
request.

BRUTAL NEGRO
GIVEN FIVE YEARS

William Carter Will Go to Waupun
for Assaulting Miss Anna
Zimmerman.

Madison, Wis., Aug. 20.—Five years
in prison was the sentence today im-
posed on Wm. Carter, the negro who
assaulted Anna Zimmerman, near
Dane last Thursday evening. Carter
was taken to Waupun this afternoon.

DIES ON THE GRAVE OF HIS WIFE

Old Resident of Racine Commits Su-
icide by Poison.

Racine, Wis., Aug. 20.—Despondent
for seven years on account of the
death of his wife, Meritt Morse, aged
64 years and a well-known resident
of this city, committed suicide at
Mount cemetery, lying prostrate upon
his wife's grave, with his hands upon
the headstone. Morse was found and
an empty bottle, which had contained
carbolic acid, lay near by.

RAGWEED BRINGS ON LOCKJAW

Elgin Man Dies After Part of a Stalk
Has Penetrated His Foot.

Elgin, Ill., Aug. 20.—Max Stein-
brink, a young man who lived at 418
Dupage street, died of lockjaw, caused
by ragweed. He stepped on a sharp
stalk and it penetrated his foot. He
succeeded in breaking the stalk, but
could not extract a small section, and
died twenty-four hours after the acci-
dent.

Famous Scout Is Dead.

Missoula, Mont., Aug. 20.—Chief
Charlots, the famous Indian scout, is
dead on the Flathead reservation.
He was the son of Victor, chief of the
amalgamated tribe. It is asserted
that Charlots' death removes the only
barrier that has prevented the open-
ing of the Flathead reservation for
settlement.

Courthouse Fund Enlarged.

Merrill, Wis., Aug. 20.—The county
board has appropriated an additional
sum of \$30,000 toward the new court-
house. This will make the court-
house one of the finest in northern
Wisconsin. The total cost will be
\$100,000.

Raise Price of Plows.

Moline, Ill., Aug. 20.—Manufacturers
of plows and other farm implements
have advanced the prices of their
product from 5 to 10 per cent over the
prices of last year. The increase is
caused by the rise in cost of raw ma-
terials.

Twelve miles an hour has been de-
cided upon as the revised limit speed

cago.

After a four hours' meeting among
the university regents, the sentiment
was that an election of president for
the state university be postponed until
April and that the honor be given to
an outsider.

NEW YORK FIRE
CHIEF SUSPENDED

Is Given Notice by a Police Commis-
sioner That He Is Not
Wanted.

New York, Aug. 20.—(Special).—
Chief Croker of the fire department
was relieved from duty today by Fire
Commissioner Sturgis. The latter
will be served with a writ of Mandamus
for him to show cause why he
should relieve the chief. Croker
said that his temporary removal was
the result of politics and a part of a
game to get rid of him.

Long Vacation
The commissioner gave a longer ex-
planation. It was to the effect that
Chief Croker had asked for a vaca-
tion and got it, and that it was not
convenient for the commissioner to
have him come back at the end of two
weeks.

Just Politics
"It's just a case of politics," said
Croker when he got outside of the
building. "They are after me and
want to get me out of the department.
But it can't be done this way. A man
can't be suspended unless there are
charges against him. There are no
charges against me and the commis-
sioner admitted to me that they are
not preparing any. My suspension, I
suppose, was bound to come one time
or another on some pretext. They
just hit on my return before my
vacation was over as an excuse for
trying to get rid of me. There are
more politics in the department under
this reform administration than ever
before."

Free Repair Work
The chief's name was dragged into
the hearing of Battalion Chief Ryan,
who was accused of doing repair work
for private individuals at the city's
expense. Croker, it was stated, had his
automobiles re-painted without extra
charge.

Want to Find
Who Tattles
Clerks in War Department Called on
the Carpet Over Van Schaick
Affair.

Washington, August 20.—(Special).
—Acting Secretary Sanger of the war
department has instituted an investi-
gation in order to find out in what
manner publicity was given to the com-
plaint made against Lieut. Louis J.
Van Schaick, who failed to marry Miss
Mabel Crounse of Almont, N. Y., May
15.

Mr. Sanger is anxious to learn
how papers, which he believed to be
regarded as confidential, could become
accessible to the newspapers. The
officers and clerks who were subjected
to the investigation today were as un-
able as Mr. Sanger to account for the
disclosure.

No Jurisdiction
Mr. Sanger takes a personal inter-
est in the case since he is acquainted
with some of the persons interested.
He regrets exceedingly the necessity
for departmental consideration of the
personal affairs of an army officer,
and he may take the view which is
favored by the judge advocate general
and regards the whole matter as one
in which the authorities cannot be-
come involved.

Words of Wisdom
From Gen. Smith
Ability to Bear Criticism, He Declares,
Is Part of a Soldier's
Training.

Portsmouth, O., Aug. 20.—Gen. Ja-
cob H. Smith was given a reception
by the citizens of Portsmouth. In a
speech regarding his course in the
Philippines, Gen. Smith said:
"For the humble part which I took
in bringing into subjection the tribes
of Samar I am aware that there has
been much criticism, but to take criti-
cism is part of a soldier's training.

"I have already had occasion to say
that he must take what comes to him
without complaint and let his country
say whether he acted the part of a
soldier or not.

"My sword is still at the command
of my country and subject to the or-
der of the commander in chief."

Bankers Are to Pay
Forger to Be Good
Charles Becker, Serving Time in Cal-
ifornia, to Get a Salary of \$500
Per Month.

San Francisco, Cal., Aug. 20.—It is
stated that Charles Becker, the noto-
rious forger who is serving time in
San Quentin, will be placed on a sal-
ary of \$500 a month by the American
Bankers' association immediately on
his release next year to keep him from
playing his old trade. Becker has
boasted during his confinement that
he had not done his best work yet and
promised to work a big job on the
banks after his release.

J. M. Oliver, secretary of Warden
Aguirre of San Quentin, told a party
of friends that the Bankers' associa-
tion had decided "to pay Becker to be
good" and gave the amount named
above.

James K. Wilson, vice president for
California of the association, said he
knew nothing of the matter, but ad-
mitted that the protective committee
of the association had power to make
such an arrangement. Becker is serv-
ing seven years for raising a \$12 draft
to \$22,000, on which he secured \$16,000
from the Nevada bank.

Morgan L. Jones, an old resident of
Dodgeville was killed in a runaway.

BELGIAN NOBLE
NEARLY LYNCHED

Automobile Runs Over
and Kills a Man and
Two Children.

INFURIATED MOB

Party of Belgian Tourists
Have Narrow Escape
from Death.

RESCUED BY POLICE

(Special To The Gazette.)
Berlin, Aug. 20.—Several Belgian
automobilists, including a member of a
very distinguished noble family of
Belgium, ran over and killed an old
man and two children while on a trip
through the Rhine province today.

Angry Mob
The people of the province for miles
around were ready to mob the automo-
bilists and after capturing them at-
tempted to lynch them. They were
very angry and the tourists were more
than roughly handled.

Police Aid
The party was rescued with great
difficulty from the mob by the police
of the province, who were forced to
lock them up to save their lives. The
country people surrounded the jail un-
til dispersed.

Use a Balloon
in Maneuvers
New Methods of Watching the En-
emy Will Be Tried by Sig-
nal Corps.

Washington, D. C., Aug. 20.—(Spec-
ial).—The army will make use of a
specially constructed balloon during
the coming maneuvers. It was found
that the two monster balloons now in
the possession of the signal corps
were unwieldy and required a vast
amount of hydrogen for inflation. It
was found too that the cost of pre-
paration and the transportation of the
mechanism would amount to as much
as the construction of a smaller bal-
loon.

It was therefore decided to
make a balloon capable of supporting
two men which would be sufficient for
use in the coming maneuvers. This
balloon was tested near Utica, N. Y.,
recently by being kept in the air
throughout one night. It showed no
signs of leakage and it was therefore
decided to accept it. Since then it
has been kept at Fort Myer, near
Washington and has been twice tested
practically. The signal corps has
prepared an elaborate scheme for de-
tecting the approach of the enemy.
Much of the apparatus employed for
this purpose will now be tried for the
first time under conditions approach-
ing those of actual warfare.

Senator Cisneros
Would Tear Down Flag
Demand for Removal of United States
Emblem Voted Down in the
Senate.

Havana, Aug. 20.—Senator Salva-
dor Cisneros presented a motion in
the senate demanding the removal of
the United States coat of arms from
the arsenal and the removal of the
United States flags and everything
suggestive of the United States. Sen-
ators Carello and Benetancourt had
signed the motion. The instant the
project was read Mendez Capote
sprang to his feet and denounced the
motion as childish in the extreme and
unbecomingly dignified men. It was
not in the jurisdiction of congress, but
of the president, who could be relied
upon not to take away the emblems of
the nation to whom all the credit for
liberty is due. Cisneros defended the
project, saying the act of the United
States in putting up the emblems in
a country not its own was unjustifi-
able. Capote insisted on a vote with-
out further discussion, and the motion
was voted down unanimously with the
exception of Cisneros.

Caused Panic in Portugal.
News has been received of an ex-
traordinary phenomenon recently ob-
servable at Pedross, near Oporto, Por-
tugal. The sound of a tremendous ex-
plosion was heard, and a flame-colored
column of smoke was swept across the
town by a furious cyclone, which tore
up trees by the roots. The phenome-
non lasted two minutes, causing a
great panic among the inhabitants.

"Armored Waistcoat" the Latest.
An "armored waistcoat," price 32s

cially for the use of ambassadors and
members of parliament, journalists
and others exposed to danger.

Carried Off by an Eagle.
An infant left asleep in its cradle
in a field near Trieste in charge of an
older child, while the mother went

ried off by an eagle. A search party
discovered the eagle's nest with the
child's body already half devoured.

SCHWAB WILL
NOT RESIGN YET

He Is Merely Going to Europe
on a Vacation Summer
Trip.

New York, August 20.—(Special).—
Charles M. Schwab, president of the
United States Steel corporation, ar-
rived here this evening. He was ac-
companied by his brother, Joseph
Schwab and his private secretary. He
stepped briskly from the car, and as
he did so he said to a number of news-
paper men present:

"Now, gentlemen, I am going to tell
you three things, and I don't want you
to ask me any further questions. In
the first place, I don't look like a sick
man. In the second place, I feel the
necessity of a rest and I am going to
take one. In the third place I am
not going to resign and have no inten-
tion of retiring from the presidency of
the United States Steel corporation."

"Are you going to Europe?" was
asked.
"Yes," he replied, "but don't ask me
any more questions; that's all I have
to say."

George W. Perkins and J. P. Mor-
gan & Co., said today:

"Mr. Schwab is not seriously ill, and
these stories printed about his resigna-
tion from the presidency of the United
States steel corporation are also
too silly to be noticed. He is not going
to resign—no one has thought of ask-
ing him to resign, neither does any
one want him to resign. He will be
here to see Mr. Morgan tomorrow and
will attend several business meetings
before sailing for an extended trip to
Europe, as has been his custom for
many years past. Mr. Schwab has
the confidence of every member of the
steel corporation, and perfect harmony
prevails among all the officials and
directors of the corporation."

WANTED TO SEE
HIS OWN HOME

Fifteen Year-Old Willie
Bergh Tells His
Story.

HE WAS ALL ALONE

Hid the Stolen Team in the
Woods All Day Sun-
day.

BOY STARTED WEST

Dime novels of the Nick Carter
order are responsible for Willie C.
Bergh of North Branch, Minneso-
ta, stealing Nicholas Schenck's
team and surrey on last Sat-
urday afternoon. His idea was
that he would take a team and
drive out west and after disposing
of it follow the career of some of
the bunks in the novels he had
read. Sheriff Maltress, Nicholas
Schenck and Thornton Read went to
Lodi yesterday morning and identifi-
ed the team as the one stolen from
Schenck. The sheriff with Bergh
in charge returned last night at seven
o'clock.

Nice Looking Joy.
There is nothing about the appear-
ance of the boy that would lead one
to think he would be guilty of taking
a pair of horses and trying to get
away with them. He is the son of
a druggist in North Branch, Minneso-
ta and a nephew of Mrs. Anson
Pope, who resides about four miles
north of the city on the road to the
four mile bridge. His father is
quite well off and owns considerable
property in North Branch and Min-
neapolis.

Just Fifteen
The boy who was fifteen years old
the night of August and still wears
knee pants stated this morning that
he had no idea of stealing Schenck's
team when he came to the farm.
He has been staying on the Pope
since the Fourth of July and had be-
come home sick and dissatisfied. He
wanted to go home but his parents
on account of a baby just being born
into the family wanted him to stay
a while longer at the Pope farm.

Wanted Mother
Bergh did not like this and had been
thinking for a week of some way to
get away and go home. Saturday
afternoon he rode to town with a
young man that was drawing staves.
He was around town for a short
time and along in the afternoon he
went down on River street. He notice
Schenck's team and saw him leave
the team and go into the Vankirk
store. The thought then struck him
that he would take the team and go
out west. He watched his chance
and untied the team and was just
backing out into the street when the
fire alarm sounded that called the de-
partment to the New Doty Works.

How He Went
He drove up Dodge street to High
street and then north on High street
across the railroad tracks and out
Washington street past the cemetery,
then along the river road to the road
that crosses the four mile bridge.
When he was at the corner of Dodge
and High streets he passed Alex Rus-
sell, who was going to the railroad
station on his back. Mr. Russell was
looking for a horse and his attention
was attracted by the sorry horse in
the team as he thought it might mate
one he had. The boy saw Russell
looking at him and thought at first
he recognized the team and was go-
ing to stop him. When he was near
the cemetery he overtook a woman
going to Leyden and carried her as far
as the road across the four mile
bridge.

Went East
At the road across the bridge he
turned east and drove towards Bark-
er's Corners until he came to Shoe-
maker's woods. Here he turned and
drove into the woods a short distance
from the road and stopped in a deep
ravine where the outfit was out of
sight.

Here he unhitched the horses and
tied them to some trees and went up
to the Pope farm which was but a
short distance away. Mr. Pope said
he acted rather excited when he en-
tered the house on Saturday night,
but told about the fire alarm and see-
ing the department turn out and they
thought that had excited him.

Starts Sunday
Sunday morning he told one of the
Pope boys, a year older than himself,
about the team. He said he had
caught them down town and not know-
ing to whom they belonged had drive
them out into the woods. He made
the Pope boy swear that he would not
tell what he had told him and went
over to the woods to look at the team.
Sunday night about nine o'clock he
went back to the woods, threw Mrs.
Schenck's jacket out of the wagon on
the ground, hitched up the team and
drove out on the road near the

COAL PRICES HAVE GONE UP

ANTHRACITE NOW SELLS FOR NINE DOLLARS PER TON.

BITUMINOUS STILL STEADY

No Rise in the Price of Soft Coal Is Anticipated—Local Shortage.

Monday morning came the advance in the price of anthracite coal for which the local dealers have been waiting for several weeks. Now Janesville residents must pay \$9.00 a ton and order soon or they will not be able to secure hard coal at any price. According to trustworthy calculations it will be three months after the strike is settled before any more coal can be secured by the dealers here.

Pay Chicago Prices. The change from \$5.50 to \$9.00 a ton only brings the cost up to the prices that have prevailed in Chicago for some time past. Some local dealers had wished to charge this price two weeks ago but there was no unanimity of opinion to that effect among the coal men. The first of this week one of the dealers made up his mind that there was no use in selling at the old prices any longer so he raised his prices and notified the others of the change. They were ready for it and made the change in their scales at once.

Local Shortage. One of the Janesville dealer says that there is not a third the usual quantity of hard coal in this city that is usual at this season of the year. Another, on the contrary, maintains that there was rather more than usual because the dealers had not cared to let any more coal go out than was necessary, anticipating a shortage.

Must Wait Three Months. When asked how long it would be before the dealers here could secure coal after a settlement had been reached among the miners in the anthracite field one of the dealers answered by quoting some figures from one of the coal trade journals. The mines are capable of an output of 5,000,000 tons a month; the shortage at the beginning of August was 11,000,000 tons; and the East demands 8,000,000 tons a month from the time the mines reopen. In addition to this it will be at least a month before the flooded mines can be cleaned out and purified, placing them in working order, so that by a conservative estimate it will be three months before the West will be able to purchase any more coal, after the strike has been settled.

No Change in Soft Coal. Although it would seem that the increased demand for soft coal would mean an increase in soft coal prices, the local men insist that such is not the case. There is a slight rise in charges for bituminous coal but it is due wholly to increased cost of labor and other local mine conditions. In the case of some Illinois coal there has been an actual reduction due to the lower freight rates.

HARD TO CHOOSE.

So Many Good and Great Things Makes Choice Difficult.

One of the difficulties attending a mention of the features of the coming Adam Forepaugh and Sells Brothers Shows is to select from among them those that are the most prominent. There are so many that they are so varied that it is impossible to find room in an ordinary newspaper article to name them all. A haphazard selection would include the great list of twenty-two star riders of both sexes; Minton, the Marvel; the famous fellow who rides a wriggling unicycle up and down a spiral tower that reaches from the ground to the

KIDNEY TROUBLES.

Mrs. Louise M. Gibson Says That This Fatal Disease Is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well.

MRS. LOUISE M. GIBSON.

"Lydia E. Pinkham's Vegetable Compound cured me and made me well, and that is why I gladly write you this, and gladly thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether; my general health was so improved I felt as young and light and happy as at twenty."—Mrs. Louise Gibson, 4913 Langley Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female trouble.

top of the tent; The Ten Peerless Potters, whose performance is described as the greatest aerial act on earth; the four herds of performing elephants; the great Jackson Family Cycling Septette; an army of star clowns; Dame Julian, the only living somersault rider, and Emma Stacey, who is rightfully called the empress of all equestriennes; the Aurora Zouaves, the gallant Illinois boys who have won all the interstate events of recent years and who have been declared by the press and public of Europe, where they have been drilling for more than a year, to be the best drilled soldiers in the world; it is indeed a most wonderful aggregation of the curious, the rare, the novel and exclusive in things that will amuse and amaze. There is some satisfaction in the fact that the shows as presented here will be an exact duplicate in every detail of the great shows that so aroused the enthusiasm of the press of New York City at the regular annual opening of the season at Madison Square Garden last April. They will be here on Thursday, Sept. 4.

WAS ANYTHING BUT A SOLEMN AFFAIR

HILARITY AT PUBLIC WEDDING

Band Played Strange Tune, Crowd Had Merry Time, and Justice Was Nervous.

It was certainly a unique wedding which was held yesterday afternoon as a feature of the Elks' carnival and at which the ceremony was performed which made Miss Gertrude Pierce the wife of Charles Thompson. Thousands of people were packed into the street space surrounding the platform which had been erected at the corner of Main and Milwaukee streets, making such a dense crowd that even elbowing and pushing were almost impossible. The windows of the neighboring business blocks were filled with spectators and great interest was manifested in the coming of the bride and groom.

No Solemnity. It could hardly be called an impressive wedding or a solemn occasion. Just prior to the arrival of the carriage the Imperial band entertained the crowd by playing "A Hot Time," and the same familiar melody rang insistently out as soon as the ceremony was concluded. "Happy Hooligan" occupied a conspicuous position on the platform, which had been erected, and a Barker for one of the shows took advantage of the assembling of the crowd to make loud voiced announcements.

Wedding March. Almost promptly at three o'clock the bride party made its appearance and the lively strains of "A Hot Time" changed to the slow music of a march as closely resembling a wedding march as the band could furnish on the impulse of the moment. The approach to the bridal altar was as graceful as possible under the circumstances, the groom assisting the bride to mount to the high platform, which raised them high above the heads of the expectant crowd.

Were Not Nervous. The bride couple was followed by Justice of the Peace Jesse Earle, who performed the brief ceremony and in doing so betrayed more nervousness than either the bride or the groom. Many joking remarks were made concerning his apparent unfamiliarity with the service. There was no prayer, no kissing of the bride, but there was a ring, a broad circlet of gold, and the nuptial knot was tied hard and fast.

Both the bride and the groom smiled broadly at the crowd which greeted them with applause before and after the ceremony. As the service progressed the bride's fingers began to twitch, but this was the only sign of nervousness betrayed.

Bridal Gown. The bride was tastefully dressed in a pink silk waist and a black tulle skirt. She also wore a white felt hat trimmed with black velvet ribbon and a white and green pompon. The groom wore a dark gray striped business suit.

Extend Congratulations. Both the bride and groom are residents of this city and they have many friends who wish them much happiness and prosperity.

JAMES BOYS.

"The James Boys in Missouri" which will be presented in this city at the Myers Grand, Thursday, Aug. 21, is one of the best drawing attractions of that class now being presented on the American stage. It has scored a great success in the recital of the deeds of those world famous outlaws, presenting it with all the effects necessary to make one understand the many daring deeds and narrow escapes of the James Boys, through all their most famous exploits. Recently the records of the local theatres where this play has been seen were broken by the immense crowds which witnessed the performance of this most wonderful portrayal of historical events. The play takes the James Boys from the time of the Civil war when they began their career of crime to the time when Jesse was shot down by Bob Ford, a former member of his band, who entered his home in the disguise of a friend. It is a play which can not fail to interest those who like incidents in which there is plenty of action and excitement. A romantic love story is also nicely told during the action of the piece. George Klimt and Alma Hearn, figure prominently in the cast and the company is otherwise large and competent.

NEW SAND HOUSE

St. Paul Road Will Build A New Model Structure

To take the place of the present sandhouse in the Milwaukee road yards, which is inconveniently located another is being built between the coal sheds and the watering tank. Under this new arrangement it will be possible for an engine to successively take coal, sand and water, moving only a short distance each time. The former sand shed that is now in use is at the west end of the yards behind the roundhouse, where it is quite difficult of access. It will be replaced by a well built structure of stone with a frame annex which will furnish opportunity for storing sand.

CLINTON TEAM WINS THE GAME

TAKES JANESVILLE INTO CAMP

The Battle of Pitchers Results in a Score of 3 to 1—Many Attend.

In a closely contested battle at the Athletic park on Tuesday afternoon the Clinton Maroons were given an opportunity to hang another scalp at their belt, and they took advantage of the opportunity in excellent style. At the end of a game in which the local men stood a good chance to win several times, the visitors left the field with a score of three to one in their favor.

The contest was more or less a pitchers' battle. The Janesville man was strongly hit at several stages of the game, but good support prevented any appearance of weakness in that direction. The pitcher for the Reds, on the other hand, put up an admirable exhibition of twirling and gives promise of doing some phenomenal work before his career on the diamond is at an end.

Phenomenal Playing

Several times the local semi-professionals were given good opportunities to come in with some heavy hitting, and run up a few scores, but the opportunity was never embraced. On one occasion it seemed as if a three-bagger had been lined out and the fans were holding their breath in expectation of seeing a few well earned runs coming in to the credit of the Bower City Players, but by a play that will not soon be forgotten "Tommy" Mills of Beloit gathered the ball in, and all immediate prospects for a victory on the part of the home men were gone.

Merrill did the hitting of the game in a well placed ball that sailed over the boundary fence, but with no men on the bases at the time it was not as profitable as it would have been with a few players on the bags.

Janesville men played a steady consistent game, with very few evidences of loose work, and with the shake up that they are using in this afternoon's game they stand a good chance of reversing the score.

BOY WAS KNOCKED DOWN BY A HORSE

Willie Davey Meets with an Accident in Which His Shoulder is Broken.

Willie Davey, the fifteen year old son of Darius Davey, was struck by a buggy on West Milwaukee street yesterday afternoon and had his left shoulder fractured. He started to cross the street in front of Ed. Dermody's place and ran out from behind a booth directly in front of a horse driven by Mrs. Berger. The horse struck the boy, throwing him to the pavement. He was conveyed to his home in a carriage and Dr. Clifton called. He reduced the fracture, which was not serious, but will lay the boy up for a while.

COURT DECIDES AGAINST GATES

COMPROMISE APPEARS LIKELY

Question of Admitting Proxies to the Meeting of Stockholders is a Matter to Be Settled by the Board of Directors.

Denver, Col., Aug. 20.—A compromise is more than likely in the Colorado Fuel and Iron litigation. Judge Rhner of the United States court decided adversely to the Gates-Mitchell faction on every count of their claim for an injunction to prevent the holding of an election today under control of the Osgood people.

The court refused to take cognizance of the minutes of the meeting of July 30, at which it was alleged the by-laws of the company had been amended in such a way as to make Osgood the returning board and guiding spirit of the election. Neither would the court order the admission of proxies issued by trust companies of New York, on the ground that he was not in a position to verify these certificates. That, he said, was part of the business of the board of directors, who were in charge of the books that would show if these stockholders were legally entitled to recognition.

Depends on Directors.
Refusal to admit legitimate proxies would furnish a basis for suits of a different character, where the merits of the contentions could be properly adjudged.

The decision had been anticipated and was accepted without a murmur by both sides. Immediately each side retired to decide upon further action. The Gates people have engaged to visit the plant at Pueblo in company with the Osgood people, but it is expected that there will be no jarring influence, as a settlement is expected before the election.

The first proposition to be considered now is the gain of another director on the board, and if that concession is made the Gates people will be satisfied.

Gates' Contentions.
On behalf of the Gates faction it was alleged that at a secret meeting held July 30 of the Colorado directors of the company the bylaws were so amended that proxies held by John W. Gates and his associates might be thrown out at the annual election. The chairman of the meeting was empowered to appoint tellers to pass upon the proxies, and, as the tellers would be Osgood men, it was said, they would reject votes supporting Gates. Gates asked the court to order that a chairman be selected by a majority of votes.

Charges of Osgood Faction.
The gist of the claims of the Osgood faction was as follows: Sixty thousand bona fide votes held by Chairman Osgood and his friends represent the majority of the real holders of stock; a majority of the proxies held by Gates represent a gambling class not permanently interested in the company and secured by Mr. Gates by payment of money; Mr. Osgood repeatedly refused to conspire with Gates in turning the fuel and iron company over to the steel trust.

Gates' attorneys filed affidavits signed by all the plaintiffs, denying that they had purchased proxies or that it was their intention to sell out to the steel trust.

Gates Has Heart Trouble.
Attorney General Post said that the laws of this state were sufficient to prevent consolidation of the Colorado Fuel and Iron company with the steel trust, and action would be taken to prevent such consolidation should it be attempted.

During the contest Mr. Gates has been suffering from an old malady that returned on coming to Denver. His physician advised him to be careful, as his heart palpitated too much for a healthy person at this altitude, and also placed him on a limited diet with all stimulants barred.

CONGRESSMAN HITT GOES HOME

Stricken Congressman's Condition is Reported to Be Improved.

Chicago, Aug. 20.—Congressman R. R. Hitt, who has been seriously ill at the Stratford hotel, has left for his home in Mount Morris.

It was reported at the hotel that the patient was still a very sick man, but that the attending physician had advised his removal home, where constant care might be given him.

The congressman's brother, John Hitt, chief deputy collector in the custom house, called at the hotel and said that the patient seemed to be somewhat improved.

MOTHER KILLS HER OWN CHILD

Demented Woman Then Cuts Her Throat With a Table Knife.

Sharpsville, Ind., Aug. 20.—Mrs. Jesse Romack, wife of a prominent merchant, killed her baby with a table knife and then committed suicide by cutting her own throat. Her husband was not in the house at the time. Since the birth of her child a month ago Mrs. Romack's mind has been slightly deranged and a few days ago she attempted to take her life by swallowing carbolic acid and cutting her throat with a pen-knife. She had nearly recovered from her former attempt and said she wanted to live for her child's sake.

F. C. ANDREWS SECURES A STAY

Detroit Bank Wrecker Not to Be Remanded to Prison Yet.

Lansing, Mich., Aug. 20.—The supreme court granted a writ of error in the case of the people versus Frank C. Andrews and ordered that Andrews be remanded to the custody of the sheriff of Wayne county until discharged by due process of law.

The effect of this action is to prevent Andrews' immediate removal to Jackson prison and will keep him in the county jail while his attorneys are arguing the motion, which will be made in the circuit court here, for bail for Andrews pending the settlement of the bill of exceptions that will be filed in the supreme court.

Des Moines Negro Receives Probably Fatal Wounds.

Des Moines, Aug. 20.—Rev. Frank Lomack, pastor of the First African Baptist church, probably will die from two bullet wounds received at the hands of Al McKinney while escorting Mrs. Sophia Tyler home from the opera. McKinney sprang from a clump of bushes and opened the duel, Lomack replying with four shots. McKinney is under arrest. He had sought the hand of Mrs. Tyler and was jealous of Lomack.

ARE TERRORIZED BY A MANIAC

Farmers Capture Lunatic and Find Him a Fellow Citizen.

Arcola, Ill., Aug. 20.—The farmers east of Westfield have been terrorized recently by a crazy man, who has wandered naked through the woods. Officers and citizens ran him down in a brush thicket. He fled, but was captured. He proved to be Remus Allen, a citizen of Westfield and a man of fine education. A sudden attack of insanity is the theory advanced to account for his strange actions.

WATER COMPANY HAS A BAD FIRE

CASE OF SPONTANEOUS COMBUSTION IN DAMP COAL.

THE NEW SHED IS DESTROYED

Loss Will Probably Reach \$1500—Interested Parties Make Some Conflicting Statements.

Damage to the amount of \$1,500 was caused by a fire that has been smoldering for ten days past in the coal sheds of the Janesville Water Company. At twelve thirty last night Watchman Robert Robertson noticed a smell of gas and on investigation discovered the rafters and walls of the new coal shed in flames. He at once tried to turn in an alarm at the West Side engine house, and failing to rouse anyone, notified the East Side house and a general alarm was turned in.

Before the department could arrive the whole building was in a blaze and it was with difficulty that the flames could be subdued and the adjoining buildings saved from destruction. As the fire had burned through a partition that separated it from the oil room and several barrels of oil stored there were saved only by hard work.

The Alarm
The officials of the Water company claim that had the department answered the call to the West Side house promptly the loss would have been small. They also refute the statement that the fire had been smoldering in the coal shed for two weeks past and say that twenty minutes before the fire was actually discovered the nightwatchman had made the rounds of the building and reported all right then. Last night at the time of the fire one of the company's officials, in answer to a question as to how they knew that the fire had been smoldering for ten days, said because they had been watching it and had it under control until last night. This morning he denies the statement claiming that he was misunderstood and says that he only meant that the coal was heated, but there had been no fire.

Firemen's Side
Chief Spencer emphatically states that two weeks ago Mr. Swanson, foreman of the Water company, came to him and borrowed a lead of hose to use in extinguishing a fire that was smoldering at that time in the coal shed where several hundred tons of coal were stored. At that time Chief Spencer made the remark that it was too bad to spoil a good fire and Mr. Swanson replied that he thought the water company could attend to the fire without calling on the department. Since then Chief Spencer says they have been using water continually on the fire, which has had more the effect of keeping it alive rather than putting it out.

Department's Story
The first alarm was telephoned to the West Side fire station but was not heard.

This is not strange when it is understood that the firemen sleep in the old council chamber and that a dead floor keeps back all sound from the room. As soon as the East Side was notified then the firemen at the No. 1 house were awakened and according to Chief Spencer's statement that they did not lose over twenty seconds from the first telephone message until they were ready. In fact the chief goes further and states that giving all the time allowance possible he did not think that the department was over three minutes late on the ground from the time the first blaze was seen.

All In A Blaze
When the department arrived, all the rafters and sidings were in fire and Chief Spencer thinks that it was impossible that the fire had been burning less than thirty minutes. From the appearances it would look as though it had been going for some time.

The Hose Used.
One strange feature of the fire was that the first line of hose used was the one borrowed from the department to extinguish the blaze for two weeks ago and which was attached to a fire plug at the time the department arrived. In the shed the fire was confined to a hundred tons of coal that is smaller than pea coal and will smolder for some time if once started.

Well Wet Down.
The officials of the water company say that the coal was -- wet when it was placed in the shed and that under such conditions there is always danger of fire from spontaneous combustion. The say, however, that the closest watch has been kept and that they merely secured the hose as a precautionary measure and not to fight fire.

Must Rebuild Shed.
The officials further say that the loss is greater than was estimated last night. The shed, which was nearly new was totally destroyed and will have to be rebuilt. It is valued at \$1000 and about 100 tons of coal are a total loss. The loss is covered by insurance with companies represented by Carter & Morse.

Monroe Band
For Thursday's carnival program music has been secured by the Monroe Military band which is an organization of high grade, which won a place in the band tournament at the Rockford Woodmen's picnic this year. The musical director of the Monticello Messenger band which is in the city today has also acted as musical director of the Monroe band. The band is especially known for the strict discipline under which they are held by their drum major, who is also captain of the militia company of that city and insists on military drill in marching and other evolutions, for the band.

WANTED TO SEE HIS OWN HOME

Fifteen-Year-Old Willie Bergh Tells His Story—Hides Stolen Team in the Woods Sunday.

Continued From Page 1

western station. He left the team there until two o'clock and then started on. The next place he came to was Lodi, where he arrived in the evening. He left there and drove to Okeo and from there to Prairie du Sac. Here he encountered a toll bridge and could not get across, so doubled back on his tracks to Lodi reaching there Tuesday morning.

Offers To Sell Team
He drove up to the livery stable and offered to sell the outfit to the liveryman for \$150. This made the liveryman suspicious and after questioning him for a while he sent for the marshal.

Boy Confesses
When the marshal arrived and took charge of him Bergh broke down and confessed to stealing the team in Janesville. The marshal notified Sheriff Maltress who went to Lodi yesterday and brought Bergh back and locked him up.

His aunt, Mrs. Pope, and the Shoemaker people say that he has never shown any inclination to be bad and was considered to be a bright boy by them and they were astonished to think that he would do such a thing.

His aunt thinks that his parents did not send him as much spending money as he thought they ought to, so he conceived the idea of stealing a pair of horses and selling them to get money to spend and to go back home with.

Where He Left Things
Bergh told Sheriff Maltress this morning that he threw Mrs. Schenck's coat out in the woods where he had the team tied and that he threw her hat out near Silemo. The sheriff drove out to the Shoemaker farm this morning and secured the coat which was just where Bergh said it was. Word was sent to his father today regarding the trouble that the boy had brought upon himself.

Menelik, emperor of Abyssinia, has ordered some German missionaries to immediately leave that country, as he will not have the faith of his people assailed. On the missionaries protesting against this order, Menelik asked them if they had no sinners in Germany. On receiving a reply in the affirmative, the Negus told them to return to Germany and give their countrymen the benefit of their advice, which was not wanted in his country.

LIBRARY WORK IS GREATLY DELAYED

LACK OF BUILDING MATERIAL

Fires, Strikes and Slow Shipments Conspire Against Erection of Local Building.

Callen Brothers on the library building have been playing in decidedly hard luck for the past week, and the climax was reached today at 10 o'clock when it was found necessary to lay off the brick layers because no more of the St. Louis pressed brick which is being used on the building is at hand. No other reason is given for the failure of the brick to appear than carelessness on the part of the makers of the brick to attend to the shipment.

Second Trouble
Second in the list of difficulties against which the contractors have to contend is the impossibility of securing ore stone from the quarries at Bedford, Indiana, from which the stone has been secured for the building. Early this week there was a strike among the workmen, an agreement under a certain scale was made for continuing the work, and the quarry took on signs of its usual activity. After exactly fourteen hours' work other grievances were found by the quarrymen, and they laid off again. This time the employers resolved that it was no time for half day work, and they propose to fight it out with the strikers.

In the meantime the Carnegie library of Janesville is suffering for lack of stone.

Have Fire Also
Almost coincident with these other difficulties came the word that the General Fireproofing company of Chicago had suffered the loss by fire of their entire works. The wire lathing for the building had already been ordered from this concern some time ago, and an order was about to be sent in telling them to ship it at once, when the word came telling of the fire and giving the news that the order could not be filled before November 1st. The main floor is ready for lathing and such a delay would be out of question so it will be necessary to find some other company that can furnish the supplies needed.

TWO ELECTRIC PIANOS.
This morning two costly electric pianos were placed in this city by the Janesville Music Co. One of the instruments is in W. C. Hart's place and the other in Dan Sheridan's. Both pianos are high grade oak finished and cost \$1000 each. During the entire day crowds were attracted by the music which is the very latest selection. These pianos are becoming popular in all the large cities and although costly they soon pay for themselves being operated on the nickel in the slot plan.

NEWS OF THE CITY IN BRIEF.

Meet in Church: The King's Daughters of the Baptist church will meet in their church parlors tomorrow afternoon at 2 o'clock.

Meeting Postponed: The regular meeting of the W. C. T. U. has been postponed until Thursday of next week.

Janesville Horse A Winner: David Griffin's running horse, Banjo, ridden by Peter Goodman, of this city, won the half mile running race at the Beloit fair yesterday afternoon. The time was 53 1-2 seconds. Banjo was also started in another race and won third money.

Justice Court: In Justice Earle's court this morning E. H. Ryan appeared for C. T. Wright in three cases against different parties, none of whom appeared. The judgments given in the various cases were as follows. In the case of C. T. Wright vs. Carl Augustine for \$27.54; C. T. Wright vs. Henry Collins, \$20.60; C. T. Wright vs. John Augustine, \$8.40. Decision was given in the replevin case of Katherine Kanevski vs. John Jensen for the plaintiff. The costs of the action were \$14.99. In the court a change of venue to Justice Earle's court was ordered for the hearing of Helen Winston vs. B. W. Hubbard.

Interurban Road: Two calves killed and a third injured were the first victims of the Rockford-Beloit Interurban road. Monday night, as the late car, leaving Beloit at 10 o'clock, was about a mile and a half from Rockford, the three animals were struck as the car was moving at a fairly high rate of speed. The motorman did not see them on the track, and although he reversed the current and put on the brakes it was too late. Two of the calves were instantly killed and the third was badly injured. The headlight of the car was smashed and the pilot was badly dismounted, but the car did not leave the rails.

CHILDREN'S DAY AT BELOIT FAIR

OPENING OF THE ANNUAL EXHIBITION WELL ATTENDED.

SPLENDID PROGRAM OF RACES

Exhibits Are Very Fine, and Include a Display by Mrs. Kittie Rich.

Three thousand persons were in attendance on Tuesday, the opening day of the Beloit interstate fair. The program was given up to the children and all day the little people thronged the grounds inspecting the exhibits, watching the races, and patronizing the brown pop and ice cream stands.

Tuesday's races were of a type adapted to the juvenile mind, and by far the most interesting to them was the pony race, in which Shetland ponies, ridden by little boys, contested in quarter mile heats. In the running race, Banjo, owned by Dave Griffin, of Janesville, won two straight heats.

2:18 Pacing
Foremost on today's program of attractions is the race list on which the two most promising events are the 2:13 pace and the 2:26 trot. There will also be a ladies' driving race in which an amusing contest is expected, even if no fast time is made. Thursday's star race event will be the free-for-all pace in which five horses are entered, all of whom have a record of less than 2:10.

Among the exhibits the floral and art department is noticeably superior to that of last year. One of the finest displays is that of Mrs. Kittie Rich of Janesville who has a large number of specimens of hand-painted china entered in that department.

Many There
Already the town is groaning under the weight of the numbers who are thronging in from the country. All of the hotels were filled early the first day, and a couple of men who came in late at night were preparing to spend the night on the depot floor, when word was brought in of a private house where they could be accommodated.

SIX TOWNSHIPS AT A GLANCE

View of a Big Fruit Belt From Point Near Benton Harbor.

Benton Harbor, Mich., Aug. 20.—The largest fruit belt visible to the naked eye from one point is in Michigan. There is a point on the Britain road, four miles east of Benton Harbor of sufficient elevation to afford a view of six different townships, all of orchards and vineyards. From this point one can make out both the St. Joseph and Paw Paw valleys.

GAS BLAST BURNS THREE MEN

Explosion Follows Passage of Engine Over Pipe in Road.

Marion, Ind., Aug. 20.—George H. Hatt, Raymond Titus and George Morris were frightfully burned by a gas explosion. They were on a traction engine which was drawing a thrashing machine outfit. The engine passed over a natural gas pipe across a public road. The pipe was broken, and the escaping gas was ignited by the fire under the boiler.

COAL SHORTAGE MAY STOP WORK INVOLVES 50,000 EMPLOYEES

All Affiliated Plants of the United States Steel Corporation as Well as the Jones & Laughlins Steel Company Are Affected.

Pittsburg, Pa., Aug. 20.—Fifty thousand employees of Pittsburg's mills and factories face a loss of work through a famine in fuel as a result of the prolonged miners' strike. Coal and coke stocks are nearly exhausted, and it is asserted some of the largest plants will be forced to close in a few days.

All the affiliated plants of the United States Steel corporation in the Pittsburg district, as well as the Jones & Laughlins Steel company, are directly affected by the failure to get fuel, especially the furnaces.

The National Tube company, according to President Frank J. Hearn, is embarrassed by the lack of motive power, but he thinks the company will be able to get through unless the situation becomes much worse than at present.

Miners Shot From Ambush.
Scranton, Pa., Aug. 20.—Two non-union workmen employed at the Edgerton colliery were fired upon by strikers in ambush and were seriously wounded. The men are Michael Connelly and Forest Crossman.

BLOW UP HOUSE.

Dynamite Is Used on Dwelling of Non-union Miners.

Wilkesbarre, Pa., Aug. 20.—Unknown persons exploded a stick of dynamite under the front door of John Work's house in Pittston township. The door was wrecked and the inmates of the house were badly frightened. Six men were lodged in the dwelling, two of them workers in the mines. The two men had been warned that if they did not remain at home harm would come to them.

John I. Gehr Released.
Parkersburg, W. Va., Aug. 20.—Judge Jackson released John I. Gehr of Colorado, the last of the organizers of the United Mineworkers serving a sentence for violating his injunction. Gehr promised not to violate the court's order.

MITCHELL IN CHICAGO.

Knows Nothing of Plans to Settle the Big Strike.

Chicago, Aug. 20.—John Mitchell, president of the United Mineworkers, arrived in Chicago last evening from his home in Spring Valley and will leave at 3 o'clock this afternoon for Wilkesbarre, Pa. During the evening he was in consultation with National Secretary W. B. Wilson of Indianapolis and a delegation of the officers of the Illinois Mineworkers, consisting of President W. R. Russell of Danville, Vice President C. J. Reynolds and Committeeman Edward Cahill of Virden.

Rumors were prevalent that Mr. Mitchell's presence argued a conference with representatives of the anthracite coal operators with a view of settling the strike, but this Mr. Mitchell denied.

"I can state that I know of no action to be taken in the near future which will end the strike," he said. "I have seen accounts of the conference at Atlantic City, at which Senators Quay and Penrose are said to have undertaken to attempt a settlement. I have not been personally informed of their plans, neither have I heard anything directly of the story that J. Pierpont Morgan is on his way from Europe to take up the matter."

NEW SEAL ROOKERY IS FOUND

Herd of Fur Animals on Boulder Islands in Aleutian Chain.

Washington, Aug. 20.—Captain Shoemaker of the revenue cutter service has received a report from Captain Charles H. McLellan, commanding the cutter Manning, recording the discovery of a new fur seal rookery on Boulder Island, in the Aleutian chain. Boulder is between Behring sea and the Pacific ocean, 3,500 miles west of San Francisco, but still within American jurisdiction. Lieutenant Berthoff approached the herd closely enough to observe that none of the seals had been branded. The discovery is considered important by the officials here in view of the gradual decline in the fur seal on the Pribylov Islands.

STORM SPOILS WORK OF STORK

Thunder Clap Proves Fatal to Springfield's Tiniest Infant.

Springfield, Ill., Aug. 20.—An electrical storm caused the death of 12-day-old Freddie Benning, son of Mr. and Mrs. Benning, and probably the tiniest baby ever born in this city. The child weighed less than a pound at the time of birth. Tremendous claps of thunder threw the child into spasms, with fatal result.

PRISONERS' PLANS ARE UPSET

Michigan Sheriff Warned of a Conspiracy to Kill Him.

St. Joseph, Mich., Aug. 20.—A plot to kill Sheriff Edward Bensley of Allegan county has been discovered. A prisoner named Kahler had planned with two fellow prisoners to brain the sheriff with a club and thus accomplish a wholesale jail delivery. Another prisoner who knew the plot told the sheriff. Bensley at once found the club hidden in a stove pipe and also three new files secreted in various places. The three prisoners in the plot are awaiting trial for penitentiary offenses. A few weeks ago the same men attempted to escape by sawing their cell bars and cutting a hole in a brick wall. They had succeeded in removing one bar and had pierced a hole in the outer tier of brick when they were discovered by the sheriff.

FATHER KILLS FOUR CHILDREN

Shoots Himself After Writing Note and Drowning Offspring.

Salina, Kan., Aug. 20.—Joseph Anderson, a farmer living east of Salina, in a fit of despondency, drowned his four children, three girls and a boy, in a cistern and then shot himself with a revolver. He will probably die. Financial matters had affected his mind. The crime was committed during the absence of the mother. The oldest child was 6 years old and the youngest 4 months. Anderson left a note on a table in the parlor notifying the mother that the children could be found in the cistern.

REPORT OF ILLINOIS TREASURER

Collections and Shipments for the Month of July.

Springfield, Ill., Aug. 20.—The report of State Treasurer Williamson for July shows that Aug. 1 the amount of money in his hands to the credit of the state revenue was \$3,400,275.53. In addition to this he had practically \$100,000 to the credit of the school fund. His collections during the month were \$2,431,975.32, and disbursements amounted to \$328,995.74.

TROOPS GALLOP INTO RIVER

Fifty Russian Cavalrymen Drowned During Maneuvers.

London, Aug. 20.—In a dispatch from St. Petersburg the correspondent of the Daily Express says: "During the maneuvers near here a squadron of cavalry was ordered suddenly to charge. It galloped into a river and fifty men are reported to have been drowned. Details of the affair are difficult to obtain."

Memphis, Tenn., Aug. 20.—Senator James K. Jones of Arkansas, who is in the city, denies that he has been offered a place on the isthmian canal commission.

Restorations at Athens.

Greek architects have decided that the Erechtheum at Athens must be restored if it is to be preserved. The restorations will be limited to strengthening and to putting in place the fragments about it.

CHAFFEE PLANS TO FIGHT MOROS

TROOPS ARE BEING MOBILIZED

Moros at Bacolod Have Strengthened the Forts by Lining Them With Stone to Resist Projectiles Fired From American Guns.

Manila, Aug. 20.—General Chaffee has curtailed his tour of the southern islands and is hurrying back to Manila. It is believed that this action is the result of the serious developments in the trouble with the Moros in Mindanao.

General Chaffee was expected to reach Cebu on the army transport Ingalls, but the vessel's arrival at that port has not yet been reported. An order was received from the war department at Washington leaving action in the Moro situation to General Chaffee's discretion.

Will Increase Forces.

It is believed here that General Chaffee will increase the American forces on Mindanao and issue an ultimatum to the hostile Moros. There are at present 27,000 American troops in the Philippine islands, a goodly portion of whom could be spared for active service.

Captain John J. Pershing of the Fifteenth cavalry, who is in command of the American column at Lanao, Mindanao, has reported a fierce Moro inter-tribal fight near Camp Vickers, Mindanao. The contending factions met at Webling. Thirty-five men were killed outright and many others were wounded. No Americans were concerned in the trouble.

Strengthen Forts.

Captain Pershing undertook to ascertain the condition of Bacolod, and was informed by the sultan of Bacolod that there were three forts, all of which were strong. The people had been strengthening them by lining them with stone, so that the projectiles of the Americans could not penetrate. He said that Bacolod had 300 men, but if the Americans went there the Moros adjacent would assist in the defense. Other native chiefs informed Captain Pershing that the sultan of Bacolod would kill them (the natives) if he knew they had been on friendly terms with the Americans.

To Stamp Out Cholera.

The board of health of the City of Manila has decided to rid the city of infection. The cholera, which has been raging in that city, is responsible for the determination, and every unsanitary building is to be destroyed. An estimate is made that it may cost half a million dollars to carry out this plan. It is stated that there is a clash between the American and Filipino in handling the cholera epidemic. The Filipino health officers are said to be more or less a failure and it is therefore probable that the ideas of the Americans will be carried out.

JOHN L. BEVERIDGE IS INSANE

Half-Brother of Indiana Senator Loses Mind Over Religion.

Charleston, Ill., Aug. 20.—John L. Beveridge of Mattoon, a half brother of Senator A. J. Beveridge of Indiana, was adjudged insane in the county court and committed to the Kankakee asylum. He is a profound Bible student and has become demented over religion. During the examination he delivered an address showing remarkable familiarity with important events in the nation's history. He has been in an insane asylum twice, once at Anna and again at Kankakee.

Strong Again.

The woman who knows the full value of health is the woman who has lost it and regained it; the woman who from being weak and sickly is once again made a strong woman. Half a million

weak and sickly women have been made strong and well by the aid of Dr. Pierce's "Favorite Prescription." It cures the ills which weaken women. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It nourishes the nerves and so cures nervousness. It promotes a healthy appetite and induces refreshing sleep.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 85 East College Street, Jacksonville, Fla. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—in all my own work and am a strong and healthy woman."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.

DAILY CARNIVAL NEWS

Surrounded by twenty lions, lionesses, tigers, bears and panthers, Martha Calvin and Nels Swain will be united in marriage tonight at 9:30 in the cage of the Bostock Animal show by Justice Jesse Earle.

The ceremony will be one of the most novel that has ever occurred in the history of weddings. With the fierce beasts of the desert and jungle as their witnesses and thousands of people outside the iron bars Mr. and Mrs. Swain will start on the matrimonial sea with a bank account of \$200 in cash and \$200 in furniture presented to them by Mr. J. S. Berger, the manager of the carnival company.

Big Supper
Not only do the lucky and happy couple have the gifts of the management but they will have an elaborate street parade and later a supper that has seldom been served in a more unique style. Mr. Swain is a farmer from near Orfordville. His home is in Afton but he is working at Orfordville. His bride is also employed at Orfordville but her home is in Juda Green county.

She Is Progressive
It is Miss Calvin, who has engineered the whole affair. Some days ago she made application for the privilege of being married during the carnival and then sent Mr. Swain to secure the license. It was she who accepted the proposition to have one of the most unique weddings ever witnessed and then urged her husband to be into joining in her wishes. When seen this morning she seemed delighted at the prospects of such a wedding and said:

It Will Be Fine
"I think it will be just lovely. I never thought I was going to have so many people at my wedding as I guess will be there tonight. Then think of all those nice tigers and lions. No I am not afraid of them one bit. Nels was but I told him they would not hurt him and he said all right so we are going into that cage just like Daniel did and I am not one bit scared."

Wedding Procession
Before the wedding there will be a grand parade starting from the home of the groom's aunt, Mrs. Anderson, 303 South Franklin street. It will be led by a band and after going through the streets will go to the animal show where the ceremony will be performed at 9:30 sharp.

That Awful Court
Charged with marrying people on the public highways and with neglect of public duty by failing to kiss the bride, Justice of the Peace Jesse Earle was summarily dragged from yesterday's wedding scene immediately at the close of the ceremony and given a compulsory ride in the Elks' patrol to the police court where he was held for trial and fined \$1 and costs. Justice Earle had been warned by Chief of the Elks' police, Nolan, that unless he kissed the bride he would certainly be arrested. Justice Earle was anxious to escape arrest but

when the groom himself failed to follow the ceremony with the customary salute, the poor justice hardly had the nerve to set the example.

Another of yesterday's amusing arrests was that of District Attorney W. A. Jackson. He had managed to dodge the brave "cops" all day but on his way home to supper he was nabbed. Sentenced to be hung, able pleading secured a commutation to a life sentence with the provision that if he did not live long enough his life should be stretched out. Finally fifty cents was imposed as a fair equivalent for his life.

Good Band Music
The Monticello Messenger band furnished a grade of music for today's carnival such as is rarely heard from a set of musicians so young as these. Instead of having the usual fault that besets juvenile organizations, that of weakness in the heavy masses, these boys are especially strong on those instruments, although there is no preponderance in that direction. Take it all in all the boys have a very evenly balanced band which plays well indeed and can turn out a high quality of music for those so young. The boys are not messenger boys of A. D. T's, as the name might indicate, but are simply a number of young fellows who are playing together under the management of the proprietor of the Monticello Daily Messenger.
